# PEOPLE WHO BUILD

Since our beginnings in 1972, ADCO has been steered by family values, trust and honesty. Everything we do is underpinned by our core values of responsibility, dynamism and teamwork.

# WHO WE ARE

**We are people who build. It's been that way for more than half a century and today we are one of Australia's largest construction businesses. Proudly, we continue to be family owned.**

## Our story

A force in Australian construction – guided by family values, trust and putting people first.

The ADCO story began back in 1972. In the years since then, we've grown to be a multi-billion-dollar construction business guided by an unwavering commitment to quality, our clients, and our people. These foundations have seen us become one of the top private companies in Australia with a blue-chip client list and an award-winning portfolio of almost 4,000 successfully completed buildings from early work packages to \$300+ million projects.

## Builder of Choice

ADCO aspires to be the *Builder of Choice* for our clients, our consultants, our trade partners, and our people.

Becoming the *Builder of Choice* doesn't just happen. It takes responsibility, teamwork and a dynamic mindset. It's about delivering on our promises and bringing energy to every stage of every project to achieve shared goals. It means completing projects on time, on budget and to the highest standards possible. We call this the ADCO Way, and it's embedded in our DNA. It's the way *People who Build* go to work.

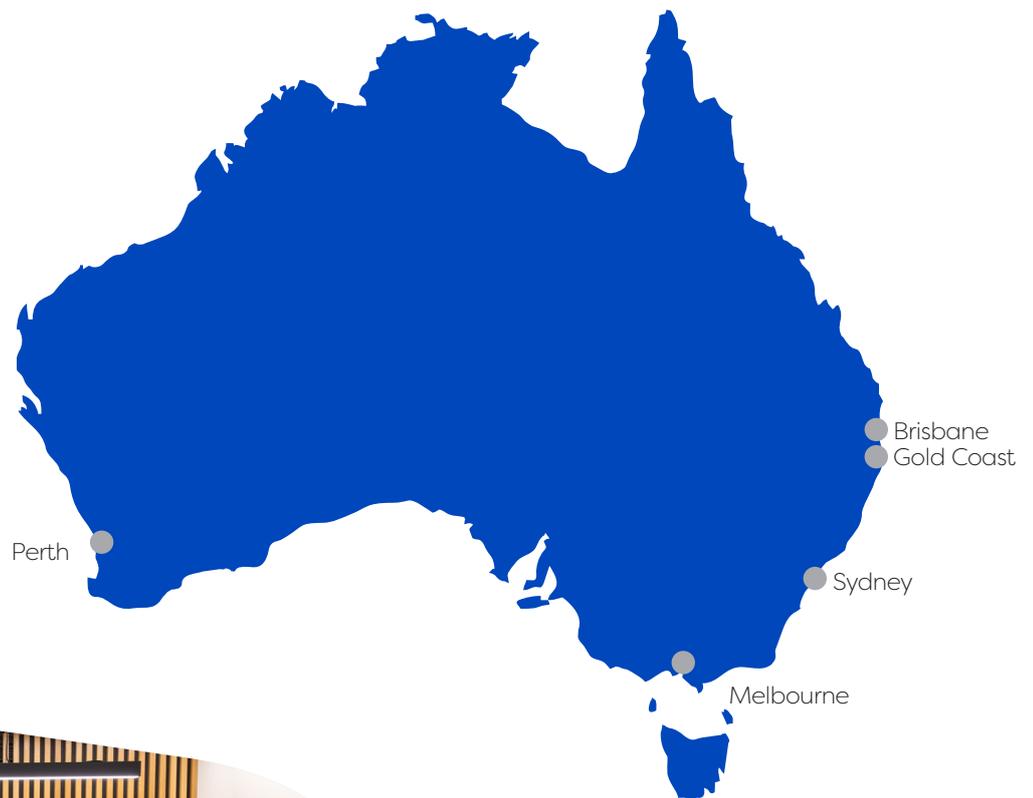

# EXPERTISE AND REACH

## ADCO has a true national presence with offices throughout Australia.

ADCO is an industry leader with an operational footprint that touches every corner of the Australian market. The strength of our award-winning expertise, capability and people is reflected by exceptionally high levels of repeat business and long-established client relationships across key private and institutional corporations, as well as all levels of government.

Each year, our projects are delivered via early contractor involvement, design, and construct, managing contractor, and traditional construction methods of procurement. Our national presence ensures we can offer holistic and seamlessly delivered projects up to \$300+ million anywhere in Australia.

# *Safer* by **CHOICE**

## **It is our commitment to always ask ‘is there a safer choice?’**

Safer by Choice is a philosophy that targets a genuine attitude change towards safety. Running deep within the ADCO business, it goes far beyond statistics and actively promotes personal responsibility and careful decision making.

Underpinned by three commitment pillars of action of Taking Responsibility; Supporting Each Other and Focusing on Positives, Safer by Choice recognises that everyone involved in the design and delivery of a project is a decision maker, and we all have the ability to improve safety, for ourselves and others, by choice.

Establishing a successful safety culture is a long-term commitment from all ADCO employees, guided, fostered and preserved by the leadership team.

We are people  
who build  
sustainable  
workplaces.

Green Square, QLD

# OUR WORK

**ADCO's legacy of successfully completed projects is the best demonstration of our capabilities. We have a truly diverse portfolio which showcases our expertise and experience.**

## M\_Park 3 & 4, NSW

### STOCKLANDS

ADCO's largest project to date, M\_Park Stage 3 & 4 project comprises of:

**Stage 3 - Building C:** A PCA A Grade 6-storey commercial tower with three basement levels, predominantly for car parking, and features key views over Lane Cove National Park and the central park. An Agreement for Lease (AFL) has been executed with Johnson & Johnson who are the anchor tenant, leasing the entire building. ADCO will also deliver an integrated fit out package for Johnson & Johnson in conjunction with the main works.

**Stage 4 - Building D and the Park:** A PCA A Grade 7-storey commercial tower with four basement levels. There will be an internal connecting road link to the rear of Building D between the two private roads designed to service Buildings A and Building C.

At 2,760m<sup>2</sup>, "The Park" is the centre piece of the M\_Park precinct and is designed to encourage social interaction and be a place for activities, wellness and relaxation for tenants and the wider Macquarie Park community. The Park connects Buildings A, C and D and ensures that the workspace of these Buildings extends to the Park

M\_Park Stage 3 & 4 will achieve 6 Star Green Star, meeting high-performance sustainability targets benefiting the efficiency of the building throughout its life cycle with a value engineered option to achieve 5-star if requested by Stockland.

## Australian Federal Police Gold Coast Airport, QLD

### QUEENSLAND AIRPORTS

Following ADCO's successful delivery of the Cairns and Melbourne Airport office developments for the Australian Federal Police, our Gold Coast team were awarded the contract to facilitate the new office accommodation for the AFP at Gold Coast Airport.

The scope of works for the \$10 million base build project included the design and construct a three-storey high commercial office building, a secure compound area, access roads, car park, a new substation, and a significant retaining wall along the adjoining creek.

As well as maintaining a high quality of finish throughout the building, in order to adhere to the Australian Federal Police security requirements, the build had to be of an extremely durable standard to withstand high impact and life cycle costings for enhanced security and rapid emergency deployment.

The project further enhances ADCO's long-term relationship with the client Queensland Airports Limited, that has seen us complete multiple projects at the Coolangatta Terminal and commercial precinct.

**The project further enhances ADCO's long-term relationship with the client Queensland Airports Limited, that has seen us complete multiple projects at the Coolangatta terminal and commercial precinct.**

Type	Design & Construct
Value	\$10 million
Duration	11 months

## Hames Sharley Head Office, WA

### HAMES SHARLEY

ADCO has completed the modifications, building extension and fit-out of the Perth Central Development at 720 Hay Street to facilitate the new Hames Sharley Architects WA head office, in the heart of Perth's shopping precinct. The project consisted of several interventions throughout the building, from adaptation of the basement structures and amenities to upgrades of the upper levels.

The design involved alterations to the basement layout and structure to create bike parking facilities and enabled installation of lift pits, upgrades of ground floor lobby entrance, installation of 2 new lifts servicing levels 1 to 4, upgrades to Level 2 to facilitate interconnection with Level 3 enabling Hames Sharley office layout, the extension of existing level 3 increasing floor plate via suspended recessed floor area which promotes a flexible space for the creative meeting area and the creation of a roof terrace which houses the client's bee keeping activities.

The Hames Sharley WA Head Office provides the public with a unique landmark and point of reference and the building users with enjoyment of a pleasant workspace and unobstructed city views.

**The project was awarded Best Refurbishment or Renovation (\$5m – \$10m) at the MBA WA Awards 2022.**

Type	<b>Construct Only</b>
Value	<b>\$5.5 million</b>
Duration	<b>12 months</b>

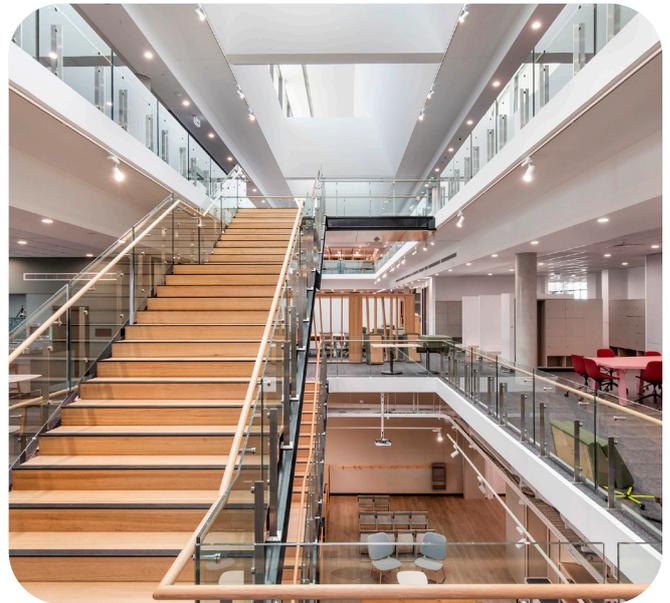

## SRG Strathpine Development, QLD

### PRIMEWEST

SRG Strathpine was built as part of Primewest's \$75 million development, the Strathpine Central Precinct. ADCO completed the \$40 million Super Retail Group's head offices – a major component within the new master planned development.

The eye-catching commercial block comprises a three-storey, A-grade office block offering 7,000m<sup>2</sup> net lettable area with a 586-space staff car park with associated driveways and landscaping integrated in with the campus-style office premises.

The design incorporates a feature staircase that transcends the 3 level atrium, which in conjunction with the architectural skylights provides a sense of light and space in keeping with the communal workspace theme envisaged for the entire development. The project is also at the cutting edge of sustainable design and technologies resulting in a 5 Star Green Star and 4.5 Star NABERS ratings for the development.

**ADCO delivered the construction of the base building, designed by architects Cottee Parker and integrated the fit-out works designed by Woods Bagot.**

Type	<b>Construct Only</b>
Value	<b>\$40 million</b>
Duration	<b>12 months</b>
Environmental Rating	<b>5 Star Green Star (GBCA) &amp; 4.5 Star (NABERS)</b>

## Robert Bosch Group Headquarters, VIC

### BOSCH

ADCO was named Builder of Choice for Robert Bosch's new Australasian Head office in Clayton, in Melbourne's South.

The \$40 million commercial development saw construction of a 11,800m<sup>2</sup> multi-functional building incorporating offices, workshops, test facilities, training rooms, a cafeteria, an auditorium, and employee amenities over four levels.

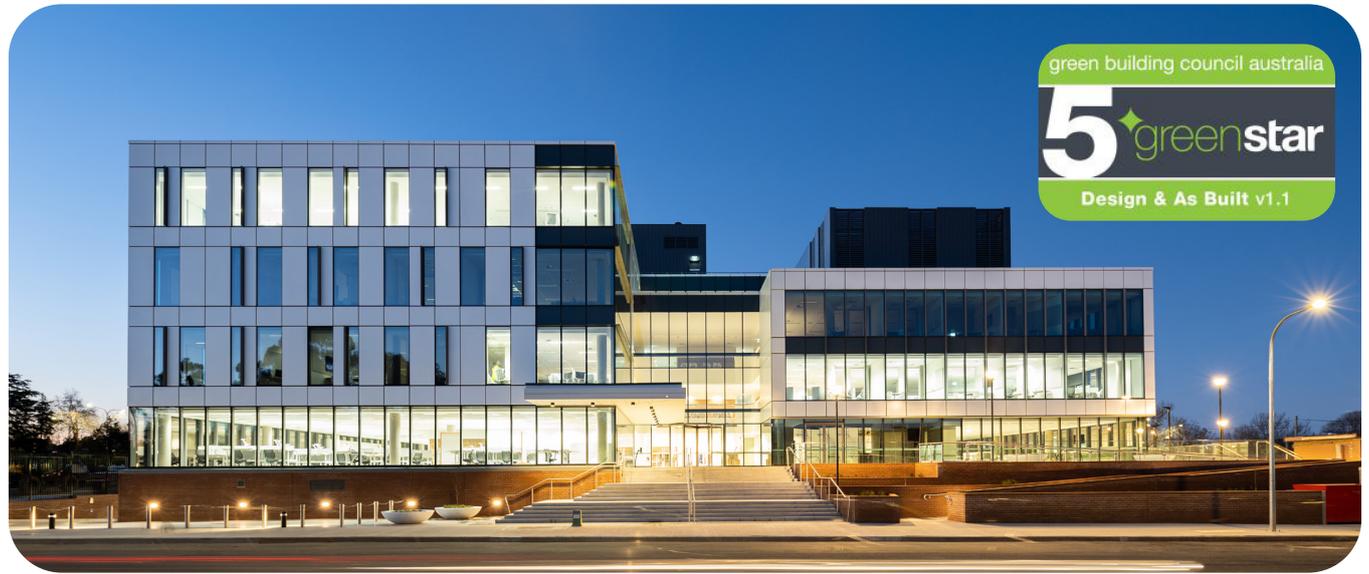

The building achieved an extremely high air permeability rating of 2.3m<sup>3</sup>/hr.m<sup>2</sup>, which falls just short of the Air Tightness Testing & Measurement Association's (ATTMA) world best practice for office buildings score of 2.0. This result was achieved by using air barrier materials and excellent attention to detail by the project team.

The facade showcases glazed curtain walls, aluminium framed windows, aluminium composite cladding, rendered concrete pre-cast panels and large metal sheeted soffits.

The first-floor office space overlooks a 1,500m<sup>2</sup> outdoor 'green' terrace which includes extensive planting, timber decking and large concrete pavers.

The project was an immensely successful undertaking for all parties and incredibly well received by Bosch's employees and user groups.

Type	<b>Construct Only</b>
Value	<b>\$40 million</b>
Duration	<b>18 months</b>

## Department of Planning, Industry and Environment (DPIE), NSW

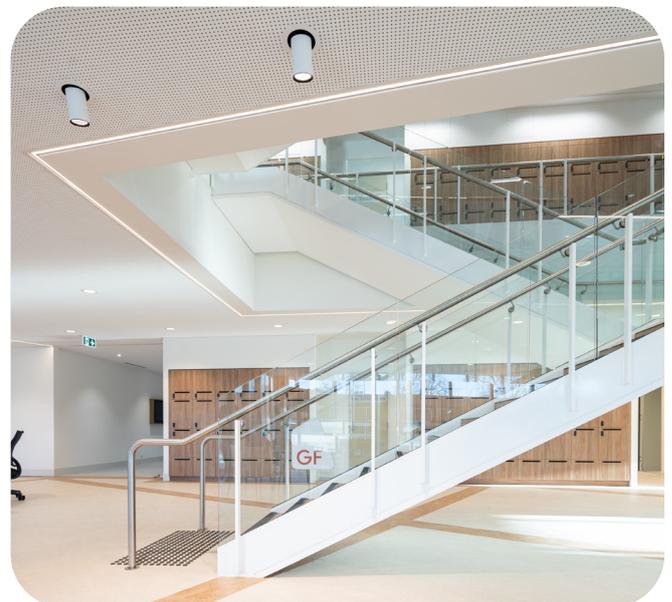

### VERDE PROPERTY

ADCO was awarded the design and construct contract by Verde Property to deliver new office space accommodation for the NSW Government’s Department of Planning, Industry & Environment as its anchor tenant.

The \$75 million commercial development provides 8,500m<sup>2</sup> of NLA, allowing space for 800 staff to work flexibly at any time, and a multi-storey car park component offering 400 spaces, EV charging stations and high quality end-of-trip facilities. The building is also designed as a technology Hub allowing flexibility and communication across the functions of the department irrespective of physical location. The project also doubles as an emergency operations centre and secondary commercial asset should anything happen to the department’s other operations throughout NSW. ADCO’s design and delivery team also facilitated the integrated fit out for DPIE, providing a contemporary, technology enriched flexible working environment for their staff.

At the forefront of sustainable design and construction, the project is also a 5 Star green star and 4,5 NABERS rated development with solar panels providing much of the power for the development, and electric car recharge stations also designed into the building.

**In an Early Contractor Involvement (ECI) role, ADCO’s design team progressed the project from early feasibility to full development approval.**

<b>Type</b>	<b>ECI to Design &amp; Construct</b>
<b>Value</b>	<b>\$75 million</b>
<b>Duration</b>	<b>20 months</b>
<b>Environmental Rating</b>	<b>5 Star Green Star Design &amp; As Built (GBCA), 4.5 Star (NABERS)</b>

## Toyota Powertrain, VIC

### TOYOTA

ADCO was awarded the \$35 million redevelopment of the Toyota Powertrain manufacturing building in Altona North, to provide a new state-of-the-art administration, research and showroom facility.

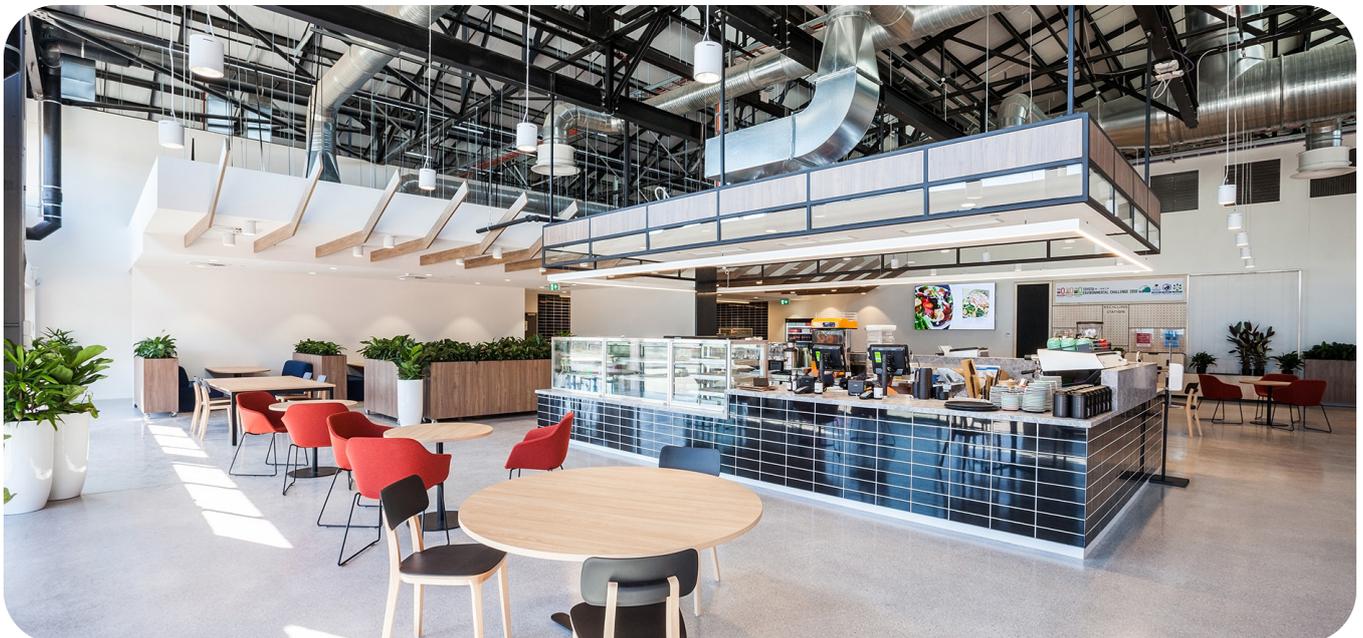

The works involved the demolition and strip out of the existing Powertrain facility to complement the new works, which include a contemporary open plan office, auditorium, workshops, workbays and testing areas, training rooms, display showroom, design studio and indoor viewing platform.

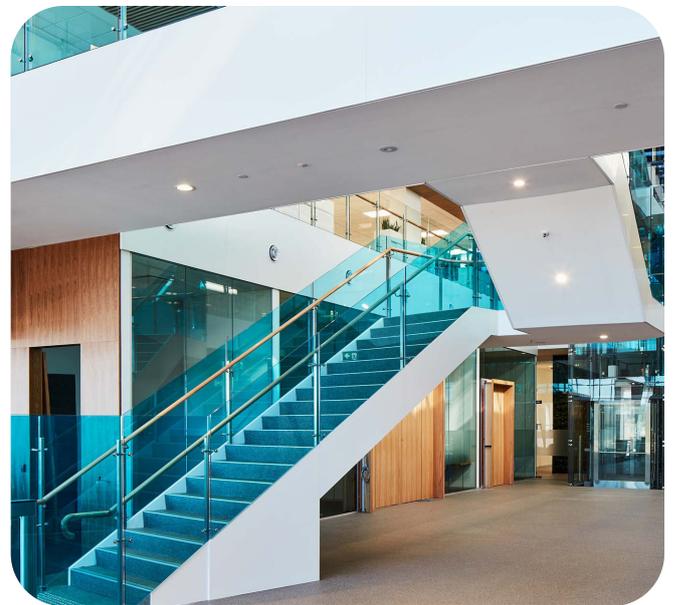

**The new refurbishment now provides the Toyota campus with a state-of-the-art administration, research and showroom facility.**

Value	<b>\$35 million</b>
Duration	<b>12 months</b>

## Camden Council Administration Centre, NSW

### CAMDEN COUNCIL

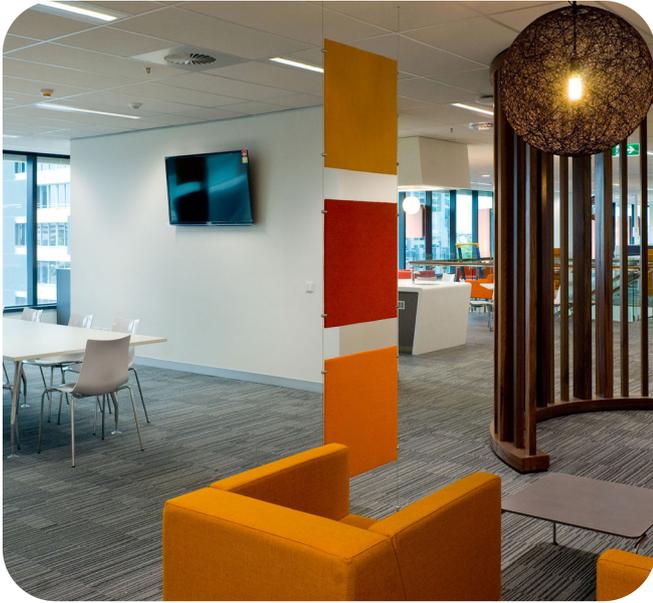

The Camden Council Administration Centre project continues ADCO's proud involvement in the establishment of the Oran Park town centre.

Having completed the \$45 million first stage of the town centre, ADCO soon commenced the delivery of this \$30 million, 5 Star Green Star-rated office building in the heart of the precinct, purpose-built for Camden Council administration team.

The new facilities allow the Council to service the needs of the growing LGA more effectively and efficiently. The Council is committed to providing the best services, facilities and outcomes for the community through facilities such as the new administration building.

The council's centralised administration building included accommodation for staff, an open plan customer service centre with meeting booths/kiosks, multi-purpose rooms for council meetings, events and public amenities.

<b>Type</b>	<b>Design &amp; Construct</b>
<b>Value</b>	<b>\$30 million</b>
<b>Duration</b>	<b>12 months</b>
<b>Environmental Rating</b>	<b>5 Star Green Star (GBCA)</b>

## Green Square Close, QLD

### CITY OF BRISBANE INVESTMENT CORPORATION

The City of Brisbane Investment Corporation (CBIC) engaged ADCO to undertake the design and construction of this highly complex, commercial office tower in Brisbane’s CBD. The \$55 million build incorporated 16,500m<sup>2</sup> of A-grade quality net lettable area across 12 floors.

The project was located on a challenging site, with restricted access for materials handling and limited area for storage and provision of site amenities. As part of the project, a 7,500m<sup>2</sup> integrated fit-out for Queensland Utilities was finalised incorporating double glazing, ultra-efficient building services and building management system, 154 car parking spaces, 172 bike parks, and significant end-of-trip cycle facilities.

The Green Square commercial development was awarded the Brisbane MBA award for Best Commercial Project (Office Accommodation Over \$5 Million).

**“I was impressed with ADCO’s ability to deliver a highly complex project of this scale within the confines of the Brisbane CBD. Their team displayed superior levels of key stakeholder management - they really valued us as a client and what we wanted to achieve. The end result is one we are all proud of.”**

Duration	<b>20 months</b>
Environmental Rating	<b>5 Star Green Star Office Design, 5 Star Green Star Office As Built (GBCA)</b>

## Werrington Corporate Park Centre, NSW

### UNIVERSITY OF WESTERN SYDNEY

The \$35 million, three-storey Werrington Corporate Park Centre is part of a high-tech development of leased office accommodation, car parking and support facilities for corporate business entities provided by Western Sydney University, Werrington.

The development was delivered under a fast-tracked program, while still achieving a 5 Star Green Star rating and highest quality of finishes.

The building's design takes advantage of its leafy, parkland context, with notable use of glass. This is continued internally with tenancies located either side of an open, central daylight atrium flooding the interior with light. An atrium café, terraces, gardens and entry forecourt all double as collaborative and informal meeting spaces while environmentally friendly and high-quality materials reinforce the sense of contemporary workplace.

This visionary project achieved the university's sustainability commitment to a 5-star Green Star rated commercial development.

Following a fast-track time frame the extensive first stage work was completed to the highest standards.

**“ADCO’s integrated approach to design and construction was a real benefit on this project. They delivered a great outcome in terms of design, quality of build and overall cost. I was very impressed.”**

**Stacey Fyshwick**

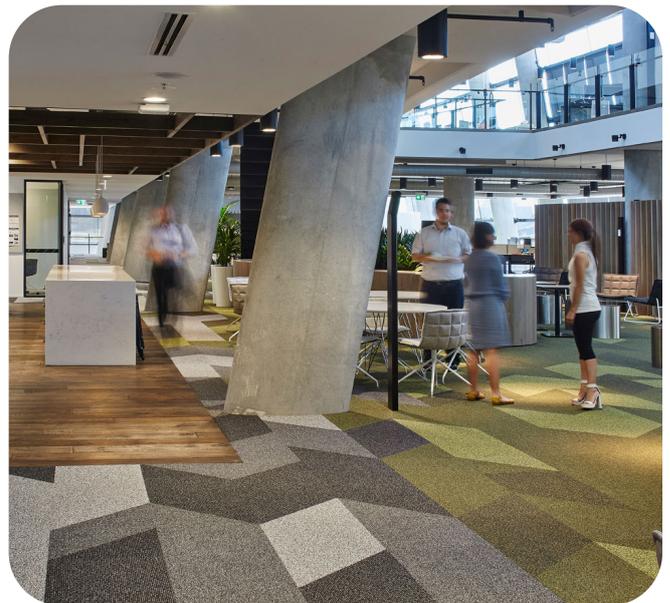

(THEN) WESTERN SYDNEY UNIVERSITY (WERRINGTON CORPORATE)

Environmental Rating	<b>5 Star Green Star Office Design (GBCA)</b>

## NSW Fire and Rescue, NSW

### MINISTER FOR FINANCE AND SERVICES

The \$30 million design and construct development involved the construction of a new, three-storey building at Greenacre, including integrated fit-out and additional under-croft car parking for 132 vehicles.

The project displays a high level of design aesthetic in terms of form and function and a contemporary open plan workspace. Key architectural features include the concrete 'off-form' elliptical columns and curtain wall façade system.

Each of these design elements has allowed for large open areas and state-of-the-art collaborative facilities incorporated into the new building design.

The raked angles of the elliptical columns were inspired by a fire fighter's ladder as it rests adjacent to a building during a rescue operation.

Type	<b>Design &amp; Construct</b>
Value	<b>\$30 million</b>
Duration	<b>15 months</b>

## Central Government Relocation to 52 Martin Place, NSW

### DEPARTMENT OF PUBLIC WORKS NSW

The \$54 million project was delivered over six separable portions and included significant fit-out works with base building and services upgrades, new IT, AV, server and data facilities, which were meticulously planned during the 2.5-month ECI period.

The level of key stakeholder management applied on the project was significant. Proving ADCO's ability to work effectively within the client's parameters, the project was delivered under a fast-track programme of nine calendar months.

The project was delivered within an occupied office building with works staged and coordinated to minimise disruption to other tenants within and near the development's multiple workfronts.

The project featured significant base building and services upgrades, including new IT, AV, server and data facilities.

This project was delivered under a fast-track programme of nine calendar months.

---

Type	ECI to Design & Construct
Value	\$54 million
Duration	9 months

**“Working 24 hours a day in an operational building with strict noise restrictions due to the proximity to a live television studio posed enormous challenges. The degree of collaboration between ADCO, our Client and our subcontractors really was extraordinary.”**

**Sam Cavalaro**  
ADCO  
PROJECT MANAGER

## Robina Town Centre Office Building, QLD

QIC

ADCO has completed the new Robina Town Centre Office Building on the Gold Coast.

The project, for long-time client QIC, involved the delivery of a single-stage commercial office building including base building, integrated fit out and the diversion of local road network Edgewater Court.

The building was delivered in four separable portions, with works including modifications to the existing road works, upgrade and relocation of existing services infrastructure, with the two wings of the building connected by a common core and 7138m<sup>2</sup> of NLA commercial office space.

Type	<b>Design &amp; Construct</b>
Value	<b>\$30 million</b>
Duration	<b>17 months</b>
Environmental Rating	<b>Targeting: 5 Star Office Base Building NABERS Energy rating 4 Star NABERS Water rating</b>

## Parliament West Perth Office, WA

### PIVOT GROUP

ADCO is pleased to be building the \$18 million Parliament Place Offices project, which will accommodate parliamentary offices for the WA State Government once complete.

Adjacent to WA’s Parliament House in the prominent West Perth location on Harvest Terrace, the project involves the construction of a four-storey office building with two basement levels.

Designed by Bollig Design Group (BDG), the building will incorporate a concrete structure base build with precast panels, inclusive of toilets, lifts, 48 single secured basement car parking bays with electric car charging points and finished with decorative Donnybrook Stone cladding, curtain walling and associated landscaping.

The project must aim to satisfy minimum 4.5 Star NABERS Office Base Building Energy rating, 4.5 Star NABERS Office Base Building Water rating and 5 Star Green Star Design/As-Built Rating requirements.

ADCO is looking forward to delivering this office accommodation project for our client Pivot Group.

## Clydestone Square, VIC

### H.CO PROPERTY DEVELOPERS

ADCO has delivered the Clydestone Square mixed-use commercial development in south-east Melbourne for H.CO Property Developers.

The project features three separate, uniquely designed buildings – two of them double-storey and one four-storey building with basement carpark. This mini-civic precinct includes a health and wellbeing focus, with a medical centre, pharmacy, gym, health related services, retail space and café/restaurant.

The three buildings are positioned around a central outdoor carpark, which includes seven electric vehicle charging points and 48 bicycle racks. A landscaped town square located on the Matterhorn Drive side of the development has been designed as the main pedestrian entry into the precinct and provides a space that connects Building B and C with outdoor dining areas.

Type	<b>Design &amp; Construct</b>
Duration	<b>14 months</b>
Value	<b>\$15 million</b>

## Queanbeyan Civic and Cultural Precinct, NSW

### QUEANBEYAN-PALERANG REGIONAL COUNCIL

ADCO was selected to undertake the design and construction of Queanbeyan Civic and Cultural Precinct for client Queanbeyan-Palerang Regional Council (QPRC).

With the main intention of consolidating Council staff (currently housed in 11 buildings across the CBD), the development will realise the Council's CBD Transformation Strategy. This also includes the modernisation of surrounding public and commercial space and improvement of connections to the existing Bicentennial Hall and Q Theatre.

The current concept design includes contemporary flexible workspace for the Government across two integrated towers, dedicated council administration, including shopfront and public library space, meeting rooms and break-out spaces, community and commercial space, a gallery connecting the office building to Bicentennial Hall and Q Theatre, 100 basement carparking spaces for council offices and public and a rooftop garden.

---

Type	<b>Design &amp; Construct</b>
Value	<b>\$83 million</b>
Duration	<b>18 months</b>

## Mercedes-Benz Alexandria, NSW

### CAPITAL CITY HOLDINGS

ADCO completed Capital City Holdings' Perfect Auto Body facility on Botany Road, Alexandria, inner Sydney.

The \$25 million development offers our client a four-storey, state-of-the-art workshop facility across nearly 10,000m<sup>2</sup> with offices and amenities.

Ground Floor and Level 1 are the workshop floors including spray booths, while the basement car park offers over 70 car spaces and a dual car wash bay. The building is serviced via three main driveway entrances and a central, dual car lift, providing vertical access between the basement and the workshop levels.

A complex project, the facility was built within a series of shoring systems retaining neighbouring properties, located on an arterial road within the inner city.

Type	<b>Design &amp; Construct</b>
Value	<b>\$25 million</b>
Duration	<b>15 months</b>

## Centre of Excellence Macquarie University, NSW

### NEXTSENSE

ADCO is delighted be delivering the \$75 million NextSense centre for innovation, on Macquarie University's campus in Sydney's north.

NextSense's (previously known as the Royal Institute for the Deaf and Blind) state-of-the-art, exemplar facility will deliver innovative and dedicated services to people with hearing or vision loss and advance education in these fields of learning. The future-focused development will provide best-practice support, to achieve exceptional outcomes for current and future generations.

NextSense will relocate from the existing North Rocks facility to its new Macquarie University location. This will bolster the strong partnership and collaborative relationship that exists between NextSense and Macquarie University, enhancing research, collaboration and resources.

To ensure a successful project outcome, ADCO will deliver this exciting project using industry leading technologies such as virtual reality and LiDAR scanning to enhance the client's experience and create an entirely transparent construction journey. The project is also targeting a 5-Star Green Star certification.

<b>Type</b>	<b>Design &amp; Construct</b>
<b>Value</b>	<b>\$75 million</b>
<b>Duration</b>	<b>24 months</b>
<b>Environmental Rating</b>	<b>Targeting 5 Star Green Star (GBCA)</b>

## AFP Head Office Melbourne Airport, VIC

### AUSTRALIA PACIFIC AIRPORTS MELBOURNE (APAM)

ADCO was engaged on a design and construct basis by Melbourne Airport to carry out the delivery of the purpose built office accommodation for the Australian Federal Police at Tullamarine airport.

A 5 Star Green Star project, the building includes substantial environmentally sustainable design principles such as electronically controlled external blinds to reduce heat loads on the building, a central atrium providing natural ventilation, grey water recycling and storm water harvesting.

The four level office building was completed under a fast track construction programme of 10 months to ensure the AFP were able to take possession in line with the expiry of their existing building.

The facility provides a unique, contemporary office space in close proximity to the air and land side components of the airport.

---

Type	<b>Design &amp; Construct</b>
Value	<b>\$15 million</b>
Duration	<b>10 months</b>
Environmental Rating	<b>5 Star Green Star Design (GBCA)</b>

## Public Transport Authority Operations Centre, WA

### METRONET

ADCO's second project for the Western Australian government's METRONET infrastructure development commenced in early 2022 – construction of the new, \$50 million Public Transport Operations Control Centre (PTOCC).

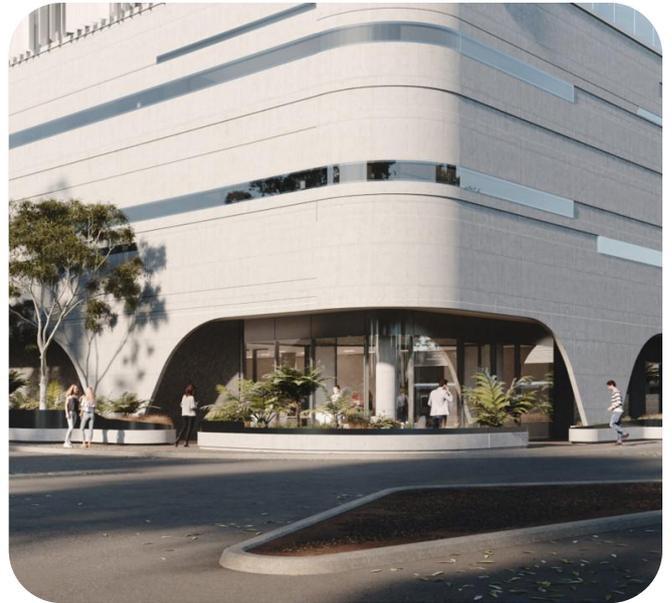

The PTOCC will house the infrastructure and personnel required to manage the day-to-day operations of Perth's public transport network, which will expand by more than 72 kilometres in coming years as various METRONET projects become operational.

The control centre is essential to support the HCS project – a decade-long transition to a network-wide digital signaling upgrade to enable more trains to run at a greater frequency on Perth's rail network.

Bolstering our presence in WA's rail construction sector, this is the second METRONET project ADCO is currently undertaking, the other being the new station at Lakelands, south of Perth.

---

Type	Design & Construct
Value	\$50 million
Duration	24 months

## San Parkway Clinic Wahroonga, NSW

### SYDNEY ADVENTIST HOSPITAL

SAN Clinic Parkway comprises of three individual buildings interconnected by way of an impressive central atrium and elevated walkways. The buildings are a combination of three and four storeys and incorporate a high level of contemporary design aesthetic and the latest in environmental sustainability.

The clinic offers 248 car spaces across three levels of underground parking. SAN Clinic's co-location with Sydney Adventist Hospital together with the architectural excellence of the design has ensured that this facility is a notable address among medical and health professionals.

---

Type	<b>Design &amp; Construct</b>
Value	<b>\$35 million</b>
Duration	<b>20 months</b>

## Herston Private Hospital, QLD

### WREN STREET HEALTH INVESTMENTS PTY LTD

ADCO's Queensland team proudly completed this important facet of Brisbane's Herston quarter health precinct for Wren Street Health Investments.

The 11-storey, private hospital and commercial development is built to house a day hospital and specialist medical suites over five levels, with car parking over seven storeys.

The day hospital provides three state-of-the-art theatres, a spacious, well-lit and modern foyer with adjacent cafe offers doctors, staff, patients and carers a space to wait for relatives, conduct meetings or take time out in their busy days. Patient care is vastly improved thanks to the dedicated upper-level carpark with direct access to specialist suites and the day hospital.

The project required complex logistical solutions, and medical practitioners were consulted in the design. Premium finishes were selected, resulting in a boutique, upmarket feel.

The façade is an architectural feature consisting of a series of aluminium hexagons with façade plantings which will soon grow out to provide greenery.

ADCO's team were highly commended by the client for their collective initiative, expertise and teamwork across the whole project.

---

Type	<b>Design &amp; Construct</b>
Value	<b>\$30 million</b>
Duration	<b>18 months</b>

## Enex Upgrades, WA

### ISPT PTY LTD

ISPT has secured a key agreement with a prominent tenant to occupy approximately 6000m<sup>2</sup> of office space spanning 3 levels within the existing Enex building. The project involves multiple enhancements and reconfigurations, such as relocating the food podium, demolishing existing structures to accommodate new tenants, installing new facilities, and upgrading base building elements.

As part of the redevelopment, the adjoining A Grade office tower at 100 St Georges Terrace will undergo refurbishment to create a state-of-the-art “Future Floor” office space concept on level 3 to host the building’s incoming tenant, South32.

ADCO is honored to be awarded the contract for this comprehensive project, which includes repositioning Enex through various base build upgrades and refurbishment works. ADCO is excited to contribute to the transformation of Enex and facilitate the realisation of a modern, dynamic space that meets the needs of both current and future stakeholders.

**Managing Director**

Neil has led ADCO since 2017 and has overseen a period of dynamic change and growth. With over 25 years of experience in the construction industry, Neil has held executive roles in Australia and internationally. He is a strong, strategic leader with a passion for building supportive, performance-driven cultures and developing meaningful industry-wide relationships.

He holds a Bachelor of Science with Honours (Sheffield Hallam University) and is a Fellow of the Royal Institution of Chartered Surveyors. Neil has a proven track record of driving change, delivering results and caring deeply about developing people and improving the industry for all who are part of it.

**Brad McCarthy**

**Chief Strategy Officer**

Brad is responsible for overseeing all pre-construction functions at ADCO. During a career already spanning more than two decades, he has held senior construction management positions in both Australia and New Zealand.

For the past 15 years, Brad's strong commercial acumen has helped to sustain and grow ADCO's market presence by managing national client relationships, converting strategic opportunities, targeting key growth sectors and successfully driving geographic expansion.

Brad holds a Bachelor of Arts in Media and Communication from Massey University in Palmerston North (NZ).

**Cameron McBurnie**

**Chief Commercial Officer**

Cameron has dual senior roles within ADCO, serving as Chief Commercial Officer in addition to being a Board Director. With a Construction and Property Development career spanning more than 25 years, he was previously a senior property lawyer at Deacons (now Norton Rose) and brings a direct and highly detail-oriented approach to ADCO's risk management and commercial processes.

Cameron is a Fellow of the Australian Institute of Company Directors and holds a Bachelor of Science (University of NSW) and a Bachelor of Laws with Honours (Queensland University of Technology).

## NATIONAL TEAM

**Gareth Adams**

**Chief Financial Officer**

Gareth is a highly qualified financial professional with over 20 years of experience in the construction industry, including leadership roles in both Australia and the United Kingdom.

As Chief Financial Officer at ADCO, Gareth is responsible for the Group's IT, accounting, treasury and financial operations. His passion and diligence are underpinned by a Bachelor of Science (Economics) with Honours from the University of Bath and a Post Graduate Diploma in Finance and Strategy from University of Oxford.

Gareth is a Chartered Accountant (ACA) with The Institute of Chartered Accountants in England and Wales.

**Shanelle Woodall**

**Head of Corporate Affairs**

Shanelle brings 20 years of industry experience to her role as Head of Corporate Affairs. With a multi-faceted background in legal and commercial roles in the UK, US and Australia, she values the roles and responsibilities of all who contribute to construction projects – including employees, trade partners, clients and external stakeholders.

Shanelle studied law at QUT and is a graduate of the Australian Institute of Company Directors and the inaugural ADCO Leaders Program. She is passionate about supporting women, both within ADCO and the wider industry, and is an executive board member 'Women of ADCO' and committee member of the National Association of Women in Construction (QLD).

**Ross Trethewey**

**Head of Safety and Environment**

Ross is an industry specialist in Health, Safety and Environmental (HSE) management. With more than 25 years of experience, he holds a Bachelor of Building with First Class Honours/University Medal (UNSW) and a PHD in OHS Performance Measurement (UNSW).

Ross brings highly specialised skills in conversion and the delivery of complex projects, legal and expert opinion, and high-risk work methodologies. He is also a passionate advocate for increased focus on upstream design and planning to reduce downstream risks in project delivery through integrated risk management outcomes. Ross is a member of the Federal Safety Commissioner Industry Reference Group and represents ADCO within the Master Builders Association.

## NATIONAL TEAM

**Sean Conroy**

### Head of Risk and Compliance

Sean has more than 25 years of experience in the construction industry, and has been part of the ADCO team since 1997.

With formal training in both Quantity Surveying and Law, he excels at resolving complex practical, legal and financial challenges faced by our team and clients across all stages of the project development process. He holds a string of high-level qualifications including graduating with a Bachelor of Laws (UNSW) with the prestigious University Medal.

Sean's proactive management style and deep expertise continues to ensure ADCO's safety and quality systems are maintained at industry best practice levels.

**Matt Galton**

### General Manager - Defence & Special Projects

Matt is one of Australia's foremost experts in Defence infrastructure, with over three decades of military experience spanning tactical to strategic levels.

His final Defence appointment prior to joining ADCO was Director General Capital Facilities and Infrastructure (CFI), where he had direct responsibility for the development and delivery of the estate and infrastructure major capital works program, a portfolio of around 180 projects valuing over \$30 billion.

Matt's experience has seen him serve Australia in the Middle East, Afghanistan, Solomon Islands, East Timor and at home, in diverse capacities. He has received multiple decorations, including the Distinguished Service Cross, and attained the rank of Brigadier during his service.

**Mike Rinaudo**

### Defence Sector Lead

Mike fills a highly specialised role at ADCO, backed by more than 30 years of Defence industry experience. Following a decade of service with the Royal Australian Air Force in Australia and overseas, Mike's construction credentials have been sharpened through a range of defence and civil projects, including defence base master-planning and the development of air-side facilities and pavements, airfield rescue and fire services, explosive ordnance storage and other defence-related infrastructure.

Mike holds postgraduate qualifications in Management and a Master of Science from the Royal Military College of Science (UK). He is also a Fellow of the Institution of Engineers Australia and a Registered Professional Engineer in Queensland.

# STATE MANAGERS

## Neil Harding

### NSW State Manager

Neil has lead ADCO since 2017 and has overseen a period of dynamic change and growth. With over 25 years of experience in the construction industry, Neil has held executive roles in Australia and internationally. He is a strong, strategic leader with a passion for building supportive, performance-driven cultures and developing meaningful industry-wide relationships.

He holds a Bachelor of Science with Honours (Sheffield Hallam University) and is a Fellow of the Royal Institution of Chartered Surveyors. Neil has a proven track record of driving change, delivering results and caring deeply about developing people and improving the industry for all who are part of it.

## James Prattent

### QLD State Manager

James now leads our Queensland team after having previously built our Western Australian operations into one of the leaders of the construction industry over a 5-year period.

He has over 20 years' experience in both contractor and client roles, working extensively across multiple sectors, successfully delivering projects in metropolitan and regional areas.

James has a strong track record of understanding client needs and market trends, bringing high professional standards and strong leadership to teams he guides. His exceptional communication and people skills continue to be key to ADCO being the Builder of Choice.

James holds a Bachelor of Science in Construction Management and Economics, having graduated from Curtin University and is a registered builder and graduate of the Australian Institute of Company Directors.

## Lyn O'Brien

### WA State Manager

Lyn leads our Western Australian operations with over 15 years of experience across both pre-construction and management roles.

With hands on experience spanning domestic and international markets, together with broad reaching industry relationships, she is focused on providing high-quality levels of delivery and building long-lasting client relationships. Lyn's collaborative leadership style ensures we consistently deliver responsive outcomes that are structured to the unique requirements of every client project.

Lyn is a National Director of NAWIC and was awarded the 2022 LHQ Outstanding Leadership Award for Women in Construction. She holds a Bachelor of Construction Economics and Masters in Quantity Surveying.

## Andrew Staedler

### VIC State Manager

Andrew is an accomplished property and construction professional with proven experience in construction management, new business development and regional business unit leadership. Bringing 25 years' worth of knowledge and strategy gathered from the successful delivery of major projects in Victoria. His expertise is underpinned by a Bachelor of Planning Design (Property and Construction) and a Bachelor of Property and Construction (Honours), with University of Melbourne.

Andrew takes pride in developing expert teams capable of delivering outstanding quality projects and maintains a strong focus on leadership, creativity and genuine collaboration matched by equal focus on diligent execution and outcome certainty.

**“ADCO recognises  
that our people, and  
everyone we work  
with, all unite to  
form the core of our  
business”**

**Neil Harding**  
MANAGING DIRECTOR

# FINANCIAL STRENGTH

**Financial security is one of the most critical elements to consider when appointing a construction partner.**

---

ADCO provides financial surety for our clients and their financiers. We maintain a policy of profit reinvestment and working capital management to ensure our balance sheet remains commensurate with the size of our business. ADCO exceeds the financial requirements for licensing in each state and territory, for private and government projects.

We have strong cash and liquid asset reserves and a blue-chip client base, which translate into consistent cash flow and profitability. Our audited financial statements are available on request.

# OUR COMMITMENTS

## Diversity and Inclusion

ADCO celebrates and embraces diversity. We want our workplaces to reflect the communities and clients we serve – and be places where everyone is treated equitably, fairly and with respect.

## Community Engagement

Community has been central to the ADCO story for over 50 years. We continue to engage actively with charities, community groups and like-minded businesses to create positive impacts cross Australia.

## Environmental, Social and Governance

We commit to the integration of our environment social and governance (ESG) framework across our business undertakings.

## Women of ADCO

ADCO is a leader in elevating the status and influence of women in Australia's construction industry.

## Reconciliation Action Plan

We are committed to a construction industry that builds more meaningful relationships, opportunities and outcomes for Aboriginal and Torres Strait Islander peoples.

## Novus

Innovation isn't optional. Our future success depends on it.

We have an in-house group of innovation champions, NOVUS, established in 2019.

## Modern Slavery

We recognise our responsibility as part of a global supply chain.

## ADCO Balance

Empowering ADCO's workforce to thrive through balance, fostering a culture of well-being and excellence.

# ACCREDITATIONS, CERTIFICATIONS & MEMBERSHIPS

## Safety Management

Our safety management system is independently certified to AS45001 (Occupational Health and Safety Management Systems)

## Environmental Management

Ensuring compliance with legislative requirements and industry practices, this system is certified to ISO 14001:2018 (Environmental Management Systems).

## Quality Management

ADCO's quality management system complies to AS/NZS ISO 9001:2015 and has third party endorsement through NCS.

## Information Management System

Our information security management system is independently certified by third party auditors as compliant with ISO/IEC 27001:2013 (Information Security Management).

## Federal Safety Accreditation

ADCO complies with the Australian Government's National Code of Practice for the Construction Industry and is accredited with the Office of the Federal Safety Commissioner.

## Green Buildings

ADCO is a proud member of the Green Building Council of Australia and committed to the success and increased adoption of sustainable construction practices.

## The National Association of Women in Construction

ADCO is a proud member of NAWIC, which is an organisation led by a team of passionate volunteers who all strive to help champion and empower women in the construction and related industries to reach their full potential.

## Diversity Council Australia

ADCO is committed to providing an inclusive and diverse workplace where employees and others in the workplace are treated equitably, fairly and with respect.

## Supply Nation

ADCO is committed to increasing Indigenous Participation in our projects both through direct employment and procurement of goods and services.

### Master Builders Association

As a Master Builders Association Member, ADCO is a trusted organisation of a community of builders who meet regularly at a local and national level.

### Kinaway Chamber of Commerce

ADCO proudly partners with Kinaway Chamber of Commerce, which is a leading Victorian organisation dedicated to supporting Victorian Aboriginal and Torres Strait Islander business owners.

### Kari Foundation

ADCO has a long-standing partnership with the Kari Foundation, which works with the Community to create meaningful points of connection to share Aboriginal culture and achievement.

### Best Managed Companies

For the second year in a row ADCO is acknowledged as one of Australia's Best Managed Companies (BMC) for 2022.

The BMC program identifies and celebrates privately-owned and managed companies across Australia that set the highest standards of business performance, and shines a light on the power of private business as a key driver of Australia's economy.

### Noongar Indigenous Chamber of Commerce and Industry

ADCO is a proud partner with the Noongar Indigenous Chamber of Commerce and Industry which support Aboriginal owned businesses and the broader Western Australia business community.
